REPORTING BIAS-RELATED INCIDENTS!
If you ever feel that you have been the target of bias, the IU Dean of Students office would like to hear about your experience and provide support to you through one of its incident teams which include campus faculty and staff.
There are five teams that hear reports of bias in the areas of (1) race and ethnicity, (2) gender, (3) sexual orientation, (4) disability, and (5) religion. Teams provide support to the extent that those reporting the bias desire.
Sometimes the victim, or even a concerned person who witnesses bias, can report an incident--just to let the teams know that it happened and that no follow-up is requested. In other cases, the teams will guide members of the IU community to campus resources or, where possible, help to mediate situations.
For more information, email incident@indiana.edu.
